Discontinuation of Bricanyl® (terbutaline) SA Tablets, 20ml Respirator Solution & pMDI 100 & 400

Following a review of our product portfolio, AstraZeneca is discontinuing part of the Bricanyl range. The Bricanyl SA Tablets & 20ml Respirator Solution will be discontinued with effect from September 2005 and Bricanyl pMDI 100 & 400 doses with effect from December 2005. We will continue to supply the SA Tablets & 20ml Respirator Solution to the UK market until such time that stock has been completely exhausted.

Under the terms of the Montreal Protocol, which requires the withdrawal of CFC aerosols by the year 2005, we will be unable to supply Bricanyl pMDI after 31st December 2005.

Please note that the remainder of the range remains available.

Discontinuations to the Bricanyl portfolio:

AZ Product Code	Description	Change	EAN Code	PIP Code	PL Number
0000249SH	Bricanyl SA Tablets 7.5mg Tablets	Discontinue Sep 05	5014162002494	021-5459	17901/0115
